To Each Tecumseh Cadet:

Welcome to the Tecumseh High School Air Force Junior ROTC. You have joined an elite group unlike anything you have ever experienced. Ask around and you will find that this program is more like a family than just a regular class environment. The concept of “Sanctuary” is a key principle we live by. We take care of one another ensuring that we are not just safe within the classroom but throughout the school and beyond. Your well-being is shared by not just your instructors but by the Cadets and school administrators.

In 1988, a historic step was taken when Tecumseh High School combined with the United States Air Force to inaugurate the Tecumseh High School Air Force Junior ROTC Program. Our unit reference designations are as follows: OH stands for Ohio, 88 stands for the year that this unit was established and the number 1 stands for the first unit to be established in Ohio that year – OH-881. Each year our program grows in tradition and makes valuable contributions to our school and our community. You have chosen to participate in a program that offers special opportunities in Education, Leadership, Social Activities, and Community Service. As a cadet, you will be required to maintain certain behavior, grades, and grooming standards.

This year, you will start or continue your search for aerospace and leadership knowledge, and at the same time, become more knowledgeable, effective, productive, and proud members of the Tecumseh High School Cadet Corps. Our program is dedicated to providing you with the tools and environment that will help you grow in your journey to become proud, productive citizens and leaders in your life and community. Each of you will learn about aerospace, develop your leadership skills, and thus become better, more responsible, and more productive citizens.

This cadet guide is intended to aid you in attaining and maintaining the high standards that will prepare you for positions of leadership by stressing habits of orderliness, self-reliance, self-discipline, and pride in yourself and in your unit. Thus, these standards apply to both new and experienced cadets. It is a simple guide for every cadet in the Tecumseh High School Cadet Corps, whether a cadet officer, a cadet non commissioned officer, or a cadet airman. These are “OUR” standards. We will live and work up to them – TOGETHER – for your success and the success of the Tecumseh High School AFJROTC. Together, we will continue to build a tradition of great worth in the New Carlisle and Clark County area. Good Luck.

Cadet Guide Responsibilities

This is your cadet guide. Do more than just read it. Read it – Think it over – re-read it and be sure you understand its meaning and message. If you have a question about the message, ask questions until the answer is completely clear to you. It only touches the surface of things to say and do. Use your imagination and do anything within reason that will improve your cadet corps. Anytime you have a suggestion for changes or improvement, **do something about** it – any idea is no good to anyone until it is put into action.

History of Air Force Junior Reserve Officer Training Corps

Air Force Junior Reserve Officer Training Corps (AFJROTC) can trace its heritage to a program founded in 1911 in Cheyenne, Wyoming, by Army Lt. Edgar R. Steevers. Lieutenant Steevers was assigned as an inspector-instructor of the organized military of Wyoming. During his assignment, he envisioned a non compulsory cadet corps composed of high school students. His program was aimed towards making citizens better citizens. The National Defense Act of 1916 authorized a junior course for non-college military school, high schools and other non-preparatory schools. The ROTC Vitalization Act of 1964 directed the secretaries of each military service to establish and maintain JROTC units for their respective services. The first Air Force JROTC program was opened in 1966. “(The) purpose of Junior Reserve Officer’ Training Corps is to instill in students in the United States secondary educational institutions the value of citizenship, service to the United States, personal responsibility, and a sense of accomplishment.” Air Force JROTC is a continuing success story. From a modest beginning of 20 units in 1966, AFJROTC has grown to 900 units throughout the world, with 120,000 cadets. Such schools must provide a course of military instructions not less than 3 years in length as prescribed by the military department concerned. The AFJROTC program positively influences our county by helping one student at a time.

Eligibility, Enrollment and Disenrollment

Eligible Students: All Tecumseh High School students in grades 9 - 12, enrolled in a regular course of instruction and physically able to participate in AFJROTC activities may join. All AFJROTC students must be enrolled **voluntarily** and participate in **the full program** to include taking the AFJROTC academic course, participate in cadet corps and wellness programs, and wear the prescribed uniform.

Reserve Cadet. A Reserve Cadet is a cadet who cannot enroll in OH-881 AFJROTC courses within the school and is in the OH-881 AFJROTC program for the sole purpose of participating in LDR (co-curricular) (after school) activities. To qualify as an OH-881 Reserve Cadet, a student must have previously completed at least one academic year of AFJROTC and meet **one** of the following criteria, with SASI concurrence:

1. The student has completed the entire AFJROTC Academic Program at the school and cannot continue without duplicating curriculum courses.
2. The student is in a Traditional scheduled school, but cannot participate in the AFJROTC academic program for that particular year due to only duplicated courses being offered.

Reserve Cadets may participate in all OH-881 activities (community service, drill team, honor guard, etc.). Time in reserve status does not count towards the Certificate of Completion, nor do Reserve Cadets count toward minimum unit enrollment or unit funding. Reserve Cadets will retain their uniform for the entire academic year.

Non –Discrimination: All enrolled and disenrolled decisions will be free from discrimination regarding race, religion, color, ethnicity, gender or national origin. The principal and the SASI/ASI will ensure appropriate fitness of cadets to successfully participate in the AFJROTC curriculum.

Disenrollment: With AFJROTC's standards. It is detrimental to the well-being, discipline, and morale of the corps for such a cadet to remain in AFJROTC. Therefore, the SASI may dismiss a cadet from JROTC if necessary in order to restore a positive educational environment for the remaining cadets. A cadet may be disenrolled for:

- Failure to maintain acceptable standards (including uniform wear and grooming).
- Inaptitude or indifference to training.
- Disciplinary reasons.

Disenrollment Timeframe: This process can happen within one day to three weeks. Cadets must comply with Tecumseh's AFJROTC rules and regulations until the process is complete. Cadets also have to return the uniforms dry-cleaned before they leave the program, If the uniform is damaged in any way, cadets must pay the total amount to replace the damaged items. Cadets who do not return the uniform will not be able to receive their diploma until the fine is paid or the uniform is returned. *The SASI has full authority to remove any cadet at any time.*

Other Considerations: Special needs/handicapped students may participate in AFJROTC with the concurrence of the SASI. All students are eligible to participate in AFJROTC regardless of sexual orientation. AFJROTC instructors will provide an environment which ensures the privacy of a cadet's sexual orientation is not infringed upon. All school policies as it relates to this subject must be upheld.

Cadets wishing to participate in after school LDR (co-curricular) AFJROTC activities may do so at the discretion of the SASI/ASI. However, school academic requirements will be adhered to limiting cadet participation (ref. 2 or more failing grades per academic period).

While AFJROTC instills self-discipline, it is not to be used as a remedy for chronic students' disciplinary problems

Section I. Mission and Objectives:

Mission: “Develop citizens of character”

Our Purpose: Air Force Junior ROTC is not a military accessions program and cadets are never under any obligation to join the military. AFJROTC is a Title 10 U.S. Code mandated citizenship training program that is designed to educate and train high school cadets in citizenship, promote community service, instill personal responsibility, character, and self-discipline. The program achieves this through classroom education in air and space fundamentals and hands on learning opportunities in a number of fun and challenging co-curricular activities.

Our Vision Statement: Air Force Junior ROTC (AFJROTC) will provide a quality citizenship, character, and leadership development program, while fostering enduring partnerships and relationships with high school, educational institutions, and communities that help meet our citizen development mission.

Air Force Mission: The mission of the United States is to fly, fight and win – Airpower anytime, anywhere.

Core Values: Our program and values directly mirror the Air Force Core Values:

INTEGRITY FIRST * SERVICE BEFORE SELF *** EXCELLENCE IN ALL WE DO**

Integrity First. Integrity is a character trait. It is the willingness to do right even when no one is looking. It is the moral compass – the inner voice, the voice of self-control, the basis for the trust needed in today’s military, integrity is the ability to hold together and properly regulate all conviction, or their strong beliefs. People of integrity, for example, are capable of acting on conviction, or their strong beliefs. They can control their impulses and appetites.

Service before Self. This statement tells us that professional duties take precedence over personal desires.

Excellence in All We Do. This expression directs us to develop a passion for continuous improvement and innovation that will propel the Air Force into a long term, upward spiral of accomplishment and performance.

Section II. The Cadet Honor Code:

**“WE WILL NEITHER LIE, CHEAT, STEAL,
NOR TOLERATE ANYONE AMONG US WHO DOES”**

These simple words provide the foundation for a personal code of ethics that will last for the remainder of a cadet’s life. This honor code is specific and clear in what it demands. The honor code – by stressing that there can be no toleration of lying, cheating, or stealing – emphasizes that **HONOR** is a common standard of cadet life. Complying with this code is every cadet’s obligation.

Attitude is a state of mind. It may be positive or it may be negative. Your attitude affects the success or failure of most of your activities. Your attitude reflects your personal philosophy of life as it is shown by your actions. Your attitude is the frame of mind in which you view yourself, your work, and others.

- The AFJROTC program is built around the individual. Every person in the program is a key to the success of his or her unit, and therefore, is a key to the success of the entire unit. If you have a good attitude (that is, you will work to your potential while actively participating in the program), you will be doing your share in the cooperative operation of AFJRTOTC.

- Cadets should work up to their potential through active participation in AFJROTC activities. Under all circumstances, cadet should be courteous and respectful and seek responsibility. Cadets are expected to be considerate, mature young men and women. Cadets are responsible for their own attitude in any given situation and will not blame their attitude on someone else or circumstance beyond their control.
- Respect your teachers and all cadets appointed over you.

Discipline refers to instruction aimed at guiding a person towards proper conduct or action, or to the orderly conduct and action that result from such training. In much simpler terms, military discipline is that mental attitude that renders innate obedience and proper conduct under all conditions. NO PHYSICAL discipline of ANY kind is authorized in our CORPS!

Respect for authority and discipline also reinforce one another. But you must first acquire discipline. Self discipline involves full and voluntary acceptance of authority. Understanding that some things – both pleasant and unpleasant – simply must be done and that there must also be people to ensure that things get done will help you to respect authority.

Ethics is the rules of conduct that people should follow. Ethics deal with the struggle between good and evil – judging whether something we do, say, choose, or thing is right or wrong. Some basic personal rules of ethics are:

- | | |
|---|------------------------------------|
| • Be honest | • Grow in knowledge |
| • Keep promises | • Be willing to work |
| • Obey and be loyal to proper authorities | • Maintain and enhance your health |
| • Be courageous | • Don't harm people. |

Integrity – The term ethics suggests to some people a very personal, individual standard or philosophy. However, the basic principles of integrity and conduct are guided by a sense of right and wrong. A cadet's sense of right and wrong must be so strong that his or her behavior and motives are above suspicion. Integrity is a firm adherence to a code of especially moral or artistic values. As in the AF and AFJROTC Core Values, **Integrity is Honesty** and doing the right thing even when no one is looking!

Section III. Organization of The Cadet Corps:

Purpose: All AFJROTC cadets at THS are members of the OH-881st Cadet Corps. The corps staff members will act in an advisory capacity to the cadet corps squadron commander.

A. The Aerospace Science Instructors are responsible for the establishment and enforcement of a system for rotation of the cadet command and staff assignment that will ensure the most equitable spread of leadership development experience.

B. Any flight position may change at the desire of the squadron commander in coordination with the SASI and/or the ASI.

You will be expected to fill various positions within the squadron. All job descriptions are outlined in a separate document.

Section IV. Customs and Courtesies:

Courtesy is the quality of our association with others which enables us to get along with each other in harmony (it's a respect for and consideration of others). Military Courtesy points out the need for mutual respect among cadets in the corps. In order for mutual respect to occur—remember, what the word “mutual”

implies...respect given out, as well as received. Courtesies include:

- A. Saluting: The hand salute is an established custom of exchanging a courteous greeting between individuals in military uniform. Cadets will exchange the salute when they are in uniform. The salute is a **MANDATORY** courtesy that is exchanged out of doors **when in uniform**.

SIMPLE RULE FOR SALUTING: **When in doubt, SALUTE! **

- B. Title of addresses: Civilians are to be addressed as Mr., Mrs., or Miss. Military personnel are addressed by their grade / rank or by "Sir" or "Ma'am".
- C. When walking with a cadet of higher rank, the lower-ranked cadet will place himself/herself to the left (Rank goes to the right) and stay in-step with the higher ranking individual.
- D. A differentiation of cadet officers and enlisted personnel **will be recognized**. Cadet officers will be addressed by their cadet grade/rank or as "sir" or "ma'am" **while in the classroom or at any AFJROTC function in uniform. Cadets will ALWAYS precede a rank with Cadet, e.g. "Cadet Captain"**.
- E. Cadet officers should conduct themselves as cadet officers at **ALL TIMES** which **does not discredit this program**. It is the **cadet officers' responsibility to assure the cadet officer/enlisted relationship is understood and carried out**.

Section V. Conduct

- A. The AFJROTC Corps sets standards that each cadet is expected to meet. Should a junior/senior cadet (AS III-AS IV) refuse to accept or assume any staff position, **they will not be promoted**. Cadets already holding officer rank will be reduced to the grade of Cadet Chief Master Sergeant.
- B. Proper respect and consideration for other individuals and others property will be a way of cadet life.
- C. **Hazing is strictly forbidden!** Hazing is defined as the practice of directing someone of lesser rank to perform a humiliating act that entails the surrender of dignity and self-respect or a hazardous act that exposes one to physical danger or bodily harm. Ex: Requiring your fellow subordinate cadets to perform push-ups or any other physical activity as punishment is also forbidden. These activities may only be performed as part of a unit's regular physical training/wellness program while under the supervision of an AFJROTC instructor.
- D. Harassment, such as improper or abusive language, and coercion of lower-class cadets for personal gain, is strictly forbidden. Misuse of cadet authority will not be condoned nor tolerated.
- E. Vulgar conduct and language are not acceptable. For such conduct, all cadets risk undermining their effectiveness as leaders.
- F. **All cadets will refrain from PDA (Public Display of Affection – hugging, kissing, holding hands, etc.) anytime they are in uniform.**
- G. Any cadet who receives ALC (Alternate Learning Center) or OSS (Out of School Suspension) will be given a chance to explain their reason in front of a cadet evaluation board prior to action being taken against them. ALC may result in a 30-day suspension from ALL Cadet Activities. OSS may result in a 60-day suspension of ALL Cadet Activities, possible reduction in rank, and consideration for removal from the CORPS.
- H. A cadet may be considered for withdrawal from the corps for the following reasons:
- Violation of honor code.
 - A demonstrated lack of willingness, desire, or inability to perform to the highest standards expected of Tecumseh High School AFJROTC cadets.

- Demonstrated inaptitude, indifference, misconduct, or traits of character not considered appropriate of a cadet.
- Failure/refusal to wear the uniform and or comply with the program.

I. The SASI/ASI may, at their discretion, take immediate disciplinary action against any cadet if, in their judgment, the cadet's actions bring discredit to the school, anyone within the school, the community, or the Junior ROTC program. This action may include immediate referral to the school disciplinary system and/or immediate reduction in temporary grade, or removal from the corps.

- Any Cadet up for Expulsion (for any reason..drugs, weapons, etc) will be removed from the program (whether expelled or not).
- Any Cadet up for suspension will be subject to removal (exception can be made by the Senior Aerospace / Aerospace Advisor).
- Any Cadet who receives two Alternate Learning Centers (ALCs) in an Academic year will be subject to removal (exception can be made by the Senior Aerospace / Aerospace Advisor).
- Any Cadet who refuses to comply with the standards of the program (uniform wear, non-compliance, wilful disobedience to instruction) WILL be removed from the program.
- Except for the issues of suspension and possible expulsion, all of the issues above will be preceded by counseling with the cadet and parents on behavior modification in an attempt to redirect the Cadet.
- Finally, in the best interest of the student, if a Cadet (in good standing) is seeking to voluntarily disenroll in the AFJROTC program after the withdrawal deadline (1st 10 days of school) the Cadet WILL NOT be permitted to do so (except in cases where the school deems it appropriate).

Section VI. Classroom Procedures:

A. Preparing the flight for classroom instructions:

- Cadets will enter the classroom utilizing the classroom doors only prior to the start of class (do not enter through the JROTC Office doors). Place your book bag under your seat. Desktops will be placed in the stowed position until the attendance is taken and the instructor has entered the room. NOTE* Cadets will call the room to attention when the first instructor comes into the room. No requirement to call room to attention after that.
 - Immediately after the tardy bell rings, the Flight Commander will take charge by calling the flight to attention. NOTE: all cadets will be at their seat, standing when this bell rings. Otherwise, they are tardy. Cadets arriving after class has started will sit in the "Penalty Box" which is the top line of 4 seats closest to the JROTC Office.
 - The Flight Sergeant will ask for the report by the element leaders. The Element Leaders will give a report on attendance for their element to the Flight Sergeant with a salute. The Flight Sergeant will report to the Flight Commander with a salute. He will, in turn, formally report to the instructor(s) on status of the flight, also with a salute, and await further instructions.
 - When the bell rings to change classes, all desktops will be returned to the stowed position at the end of each class and/or meeting held in the classroom. The flight will again be called to attention by the Flight Commander and be dismissed by the instructor, then the Flight Commander. At this time, cadets will acknowledge dismissal by saying "Yes Ma'am/Sir" before leaving their seat.
- NOTE* Door to the cadet staff office and book room will remain open at all times unless permission to close is given by an instructor. At no time will there be a male and a female cadet behind closed doors in the staff or bookroom.

Instructor Office Entrance Procedures: For any cadet to enter the instructor's office the following procedure applies:

- Knock once loudly on the door.
- Once addressed, ask for permission to enter with the statement "Sir/Ma'am, permission to enter."
- Once given permission, march smartly into the office at a place approximately 3 paces from the instructor's desk, stop at attention, salute, and give the appropriate reporting statement (1) If the cadet is initiating the conversation "Sir/Ma'am, Cadet Last Name reports." (2) If the instructor directed the cadet to come to the office, "Sir/Ma'am, Cadet Last Name reports as ordered."

B. Conducting class in AFJROTC:

All classes will be conducted in a military manner. The following rules of conduct apply. Cadets will not:

- Leave the classroom after the tardy bell (without permission). Cadets will not normally have permission to go to the restroom after class starts. Visit the restroom prior to class. Desks in the classroom restrict movement and it is very disruptive to the class if someone has to get up and leave.
- Talk when the instructor or another cadet has the floor.
- Engage in any horseplay
- Bring food or drink to class
- Chew gum in classroom
- Write on or deface tables / chairs or any other school property.
- Put feet on tables or chairs or sit on tables. Standing in the classroom seats or on the desktops are strictly prohibited.
- Disturb pictures / bulletin board
- Sleep in class or put their head down on the desk
- Work on non-AFJROTC materials without permission
- Throw trash on the floor, or throw anything in classroom
- Disobey a direct order given by any cadet Staff /ASI and/or SASI.

C. Bulletin Board Communications:

- Bulletin boards will be used for posting official notices, detail listing, formation notices, and current items on scholarships, staff positions, and other pertinent corps data. The bulletin board will be kept current at all times.
- Procedures:
 - Posting of communications: Cadets wishing to post a notice on the bulletin board must submit it to the Public Affairs/Historian or get permission from the instructor. All notices must be in final form prior to submission and must be submitted a minimum of three days prior to the date the notice concerns.
 - Temporary notices are communications that do not exceed 30 days. Items placed on the temporary side of the bulletin board will include cadet instructions, promotion orders, special orders, etc.
 - Permanent notices are communications that are in effect longer than 30 days.
 - It is the responsibility of each cadet to read the bulletin board. If your name appears on any notices,

Section VII. Cadet Evaluation and Grading:

- A. The AFJROTC program is cadet centered. Cadet learning and personal development is the objective and goal. Evaluation and grading of each cadet will be according to school policy for each grading period. Determination of grades and numerical values will be a result of continuous evaluation by the SASI / ASI.
- B. Any cadet missing an examination or quiz due to a valid absence must make arrangements with the SASI / ASI to take the exam **within 3 days** after returning to school starting with the day of return. ***This is the cadet's responsibility!***
- C. Each cadet must satisfactorily complete all assignments in Aerospace and Leadership studies. Grades will be determined from written testing, workbooks and demonstration and performance tasks such as: Oral presentations, reports, seminars, and drill and ceremonies. The accumulation of merits has a large, positive effect on your grade. This is a subjective evaluation by the SASI/ASI on your understanding of the corps and your personal growth within the corps.
- D. A cadet's grade for each grading period will be the total points from evaluations and workbooks for both Aerospace Science and Leadership Education.

Section VIII. Selection of Staff Positions:

- A. The Squadron Commander has primary responsibility for selection of personnel to serve in corps vice positions. The SASI and ASI must approve selection of these positions.
- B. The Squadron Commander has primary responsibility for selecting cadets for temporary promotions. The SASI and ASI must approve selection. Temporary appointments, promotions, and / or reductions will be made by special order issued by the ASI and signed by the SASI.
- C. All cadets will be retained in a permanent grade commensurate with the number of AFROTC years successfully completed. The grade for first year cadets is Cadet Airman, Cadet Airman First Class for second year, Cadet Senior Airman for third year, and Cadet Staff Sergeant for their fourth year.
- D. Those cadets serving in command or staff positions may be assigned another position and given temporary higher rank.
- E. **Cadet Officers and Non-Commissioned Officers are subject to reduction at any time for failure to carry out duties and responsibilities.**
- F. Special promotions in accordance with the current Unit Manning Document (UMD) will be made at the discretion of the SASI and ASI.
- G. Those cadets assigned to officer and non-commissioned officer positions may not be appointed to the highest rank authorized for these positions. This will allow for promotion based on actual performance.
- H. To meet the needs of the cadet organization and to provide leadership experience to a large number of cadets, rotation may be directed, at any time, by the SASI and ASI.

Section IX. Promotions:

A. The following standards will govern the cadet promotion system:

Academic Standards: Each cadet is expected to do the best work they are capable of doing. Only you are responsible for what you learn and the grades you attain. Initiative, enthusiasm, time management, and good old-fashioned hard work will result in your academic development and improvement.

Attitude: A cadet will be a considerate, mature young man or woman working up towards a leadership role. **Immaturity and irresponsibility are not acceptable.** Individual control is the key to self-discipline and **self-discipline is essential to be an effective leader.**

- Promotion to the next higher grade may be permanent or temporary, defined as: **TEMPORARY** means a cadet is promoted to a specific grade/rank while accomplishing a specific job. **PERMANENT** is the grade/rank earned by cadets according to the number of years in the corps.
- Promotions, demotions, and assignments will be documented by publishing special orders. When promoted, cadets must pick up new rank in the AFJROTC office **BEFORE** the next uniform wear day or that promotion will be *rescinded (you will not be promoted).*
- Cadet grade/rank will not be confused with actual USAF personnel grade/rank. The word “cadet” will be part of any written or spoken reference to a specific grade or rank of a cadet.
- The current UNIT MANNING DOCUMENT (UMD) for the OH 881st AFJROTC squadron specifies the various grades and/or ranks authorized for the unit and are available under separate cover.
- Frequency of promotions: Major promotions will be announced every 10 weeks (the week following the 1st, 2nd, and 3rd quarters only – no promotions will normally be announced in the 4th quarter).

- Special promotions can be made at any time to recognize individual accomplishments and to fill an organizational need of the squadron. These special promotions will be made upon the recommendation of the flight, staff officers, or the squadron commander and will be approved by the SASI and ASI.

B. Procedures for promotions:

1. *Enlisted cadet's promotions* will be based on the cadet evaluation, grades, ROTC grade, and participation. **A cadet will not be promoted to a higher enlisted rank with a failing grade in a CORE SUBJECT or AFJROTC.**
2. *Promotion to Cadet NCO or Cadet Officer* will be based on the above criteria **PLUS** Performance.
3. *Cadet Officers* are appointed to a position and approved by the SASI and ASI who meet above requirements **PLUS THE FOLLOWING:**
 - **No failing grades in ANY course and an overall 2.5 GPA.** The qualifying GPA will be determined by overall GPA for the current academic year. When starting the new academic year, the previous year's overall GPA will be used in determining promotion eligibility. GPA is computed by determining how many classes a cadet is enrolled in divided by total points accumulated, i.e., A's = 4 pts, B's = 3 pts, C's = 2, D's = 1, and F's = 0 points. Should the officer fall below these standards, they will be placed on probation, meaning they may be reduced to the highest enlisted grade until the above standards are met. **It is their responsibility to prove they have met the above standards with written verification from cadet's teachers to the ASI/SASI.** The ASI/SASI may deviate/waive these requirements if the best interest of the CORPS but in doing so, the SASI must sign a memo for record and file.
 - The squadron and vice-squadron commander will meet with the SASI and ASI to determine promotions
 - In weighing all factors, they will also consider:
 - 1) Cadet Evaluation
 - 2) Attitude
 - 3) Grades
 - 4) School activity (both in the corps and in other school activities)
 - 5) Appearance
 - 6) Time in the corps.
 - 7) Grade in AFJROTC
 - 8) Participation. Defined as participation in community service activities and corps functions etc., is an important factor in getting promoted. More participation increases your chances for promotion. If you are involved in other activities, such as sports teams, you should participate as much as your time allows. Under these circumstances, you will not be penalized for lack of participation, but your competitiveness for promotion will be affected

C. Procedures for Publicizing Promotions.

- The SASI/ASI will publish all promotion orders with the assistance of the Personnel officer.
- If any cadet feels that they should have been promoted, they may use their Chain of Command to find out the reason(s) why they were not promoted. You must start at the lowest level and work your way up to the Corps Squadron Commander and SASI/ASI.

D. Demotion Policy.

- Our demotion policy is determined by the individual's portfolio. From there the discipline board will discuss with the Squadron Commander and his/her staff whether is reasonable to demote the cadet's rank.
 1. The cadet will go through an interview with the reviewing council consisting of the SASI, ASI, Assistant to SASI and ASI, Squadron Commander, and Vice Commander.
 2. The reviewing counsel will then make a decision based on the information that they currently possess to determine whether or not the cadet should be demoted. For those cadets demoted for behavioral/disciplinary reasons, the cadet's parents will be notified of the situation leading to the demotion.

Section XIII. Dress and Appearance in Uniform or in the Classroom:

The AFJROTC uniform must be worn once per week as directed by the Air Force Contract and this program. It is “**YOUR RESPONSIBILITY TO COMPLY**” with this contract.

The standards for wearing the uniform consist of four elements: **Neatness, Cleanliness, Safety, and Military Image**. The first three are absolute, objective criteria for the efficiency, health, and well-being of the force. The fourth standard, military image is also a very important aspect of military appearance. People, both military and civilian, draw conclusions as to the military effectiveness of the Air Force by how they perceive those in uniform. Uniforms are issued to promote a distinctive appearance for each cadet. Without question, the way you wear your uniform affects public and school opinion. Remember, your appearance while in uniform reflects on your school, unit, community, veterans, and your ability to accept responsibility.

A. GENERAL INFORMATION

- The designated uniform day is **WEDNESDAY** of each week unless otherwise stated. Excusal from wearing the uniform **will NOT be given on Wednesday morning before school**. It is the cadet’s responsibility (not their parent/guardian) to make sure the uniform is available for wear on Wednesday or the designated uniform-wear day. *You must wear your uniform on Wednesday **all day even if you are in ALC, serving in-school detentions, or involved in other school activity that prevents you from coming to your regular AFJROTC class.*** Should you have early dismissal, it is your responsibility to see your instructor to be inspected. You must have permission from the SASI or ASI to deviate from this requirement and the permission must be granted **PRIOR to Wednesday.** If you are absent on uniform day and return to school, *you must wear the uniform **on the day you return.** Failure to wear the uniform without approval by the SASI or ASI **prior to uniform day, or not wearing the uniform on the day of return to school, without prior excusal, will result in the cadet being disciplined.***
- Wearing the uniform once a week is defined as wearing the uniform in school **ALL DAY**. It is understood that under special circumstances, it may be necessary for you to change out of your uniform during the school day. Examples of this include but are not limited to: athletic or PE classes, Cooking classes, Industrial Arts, or other groups that might require you to wear another school uniform. In these cases, you are required to wear the AFJROTC uniform up until the time you may be required to change out of your uniform. You are then required to change back into your uniform after that class is over (with the exception of the last period of the day). If you fail to change back into your uniform as required per the above policy, you will be given a uniform grade of Zero (0%) for that day.
- Each cadet will maintain their uniform in proper condition, i.e., clean, neat, and correct in design and specification. Shoes will be shined and in good repair. Pencils, handkerchiefs, and combs will be concealed. Metallic insignias will be in good condition and positioned properly. Ribbons will be in the proper position, clean and not frayed. No undershirt visible at the neckline.
- Cadets are permitted to remove any coats within the classroom after the SASI /ASI or any other room teacher has given permission. Coats will be replaced, and all buttons and zippers fastened and/or zipped before you leave the classroom. Coats may be removed in the lunchroom -- Put your coat/jacket back on correctly before you leave the lunchroom. You must wear your uniform all day on uniform days. You must wear it properly (no rolled-up sleeves, loose ties, etc.). Do not change into civilian clothes (except for sports, physical education or in a class such as industrial tech in which the uniform may get dirty) without the approval of the SASI/ASI. In these cases, the uniform must be put back on before the end of that class period and worn for the remainder of the school

day. If these classes are the last classes of the school day, the uniform does not have to be put back on.

- Cadets may wear the uniform to church, weddings, baptisms, funerals, or special events **WITH PRIOR APPROVAL** by the SASI / ASI.

- **Every Friday is designated as Physical Fitness Day.** Each cadet will wear the designated “Corps T-shirt”. Wearing the corps t-shirt on Friday does not count as a “uniform day”. You must wear your uniform and be inspected to satisfy the requirement to wear your uniform once a week. Example: If you are absent Wednesday and Thursday and come to school on Friday, you must wear your uniform, not your Corps T-shirt.

NOTE* Always bring your physical fitness clothing to ROTC on Friday’s, even if you wear your uniform. (Failure to wear the Corps T-shirt or bring P.E. clothes will result in a lower grade).

- Cadets may not wear the uniform when participating in marches, rallies, or other public demonstrations that would bring discredit to the school, community, the United States Air Force, or the U. S. Government. Cadets will not give opinionated statements to local media while in the AFJROTC uniform.

B. Supplemental Information (Dress and Appearance):

- **Face coverings/Masks:** Due to COVID-19, face coverings/masks may be optional or mandated by the school. If worn with the service uniform, they will be solid black or white with no writing or design, or one with the school logo. Medical alert/identification bracelets are authorized; however, if worn, they will be conservative (moderate, being with reasonable limits; not excessive or extreme) (which is defined as plain, not drawing inappropriate attention or faddish). Bracelets espousing support for cause, philosophy, individual or group are *not* authorized (**Exception:** Traditional metal POW/MIA/KIA bracelets which come in colors besides silver, bronze, or gold, remain authorized). **Color/rubber bracelets that support a cause are not allowed to be worn in uniform.**

- **Eyeglasses or Sunglasses:** If you wear glasses, they must not have any ornaments on the frames or lenses. Eyeglass lenses that are conservative, clear, slightly tinted, or have photosensitive lenses may be worn in uniform while indoors or while in military formation. When outdoors and in uniform, sunglasses and eyeglasses must have lenses and frames that are conservative; faddish or mirrored lenses are prohibited. Sunglasses are not allowed while in a military formation. Neither eyeglasses nor sunglasses can be worn around the neck while in uniform.

- **Tattoos or Brands:** Whether you are in or out of uniform, tattoos or brands anywhere on the body are not allowed if they are obscene or if they advocate sexual, racial, ethnic, or religious discrimination. Tattoos or brands that might harm good order and discipline or bring discredit upon the Air Force are also barred, whether you are in or out of uniform. The SASI may exercise discretion if a new

cadet arrives with a tattoo that may not be in full compliance with the above guidance.

- **Body Piercing:** Cadets in uniform are not allowed to attach or display objects, articles, jewelry, or ornamentation to or through the ear (other than authorized in the **FEMALE EARRINGS** section), nose, tongue, or any exposed body part (including anything that might be visible through the uniform). Cadets may not cover any of these articles with make-up, band aids, or wearing clear pots pins to hide body piercings.
- **Backpacks:** Cadet may wear a backpack on the left shoulder or both shoulders (not to interfere with rendering the proper salute). **WARNING:** Backpacks will wrinkle your uniform and have a tendency of ripping off the nametag and / or ribbons.
- **Wear use of an Earpiece:** Any Bluetooth technology or headphones, while in uniform, indoors or outdoors, is prohibited, unless specifically authorized for the execution of official duties. Exception: headphones and earphones (iPods, MP3-type players, etc.) are authorized during travel on public transportation, i.e., bus, train, or air travel.

Bangs, or side-swiped hair *will not* touch either eyebrow, to include an invisible line drawn across the eyebrow and parallel to the ground. When in doubt, assess the correct length of hair with the cadet standing in the position of attention. **Exception:** while wearing the PTU, long hair will be secured but may have loose ends and may extend below the bottom edge of the collar.
- **Hair color, Highlights, Lowlights, and Frosting:** Will *NOT* be faddish or extreme and will be a natural looking hair color, similar to the individual's hair color (e.g., black, brunette, blond, natural red, and gray).

If adding additional hair, it must be a natural-looking color, similar to the individual's hair color. It must be conservative (moderate, being within reasonable limits; not excessive or extreme) and not present a faddish appearance. Hair must not exceed bulk and length standards and must not extend below the bottom of the collar. Headgear must fit properly.
- **All locs braids/twists when worn:** will be of uniform dimension, no wider than one inch, with natural spacing between the locs, braids/twists and must be tightly interwoven to present a neat, professional and well-groomed appearance. A loc, braid/twist must continue to the end of the hair without design and following the contour of the head, and may be worn loose or in a secured style within hair standards in paragraph above
Exception: Micro-braids or twists are not required to continue to the end of the hair.

- **Earrings:** Female cadets may wear small round or square white diamond, gold, white pearl, or silver earrings. If a member has multiple holes, only one set of earrings are authorized to be worn in uniform and will be worn in the lower earlobes. Earrings will match and fit tightly without extending below the earlobe unless the piece extending is the connecting band on clip earrings.
- **Skirts:** The length of your skirt may not vary beyond the top and bottom of the kneecap. Your skirt will fit smoothly, hang naturally, and must not be excessively tight. You must wear hosiery with a skirt. Choose a sheer nylon in a neutral dark brown, black, off black, or dark blue shade that

complements the uniform and your skin tone.

- **Fingernails**: Fingernail polish, if worn by female cadets, will be a single color that does not distinctly contrast with the female cadet's complexion, detract from the uniform, or be extreme colors. Some examples of extreme colors included, but are not limited to, purple, gold, blue, black, bright (fire engine) red and florescent colors. - **Hair Standards**: Hair will have a tapered appearance on both sides and the back of the head, both with and without headgear. A tapered appearance is one that when viewed from any angle outlines the member's hair so that it conforms to the shape of the head, curving inward to the natural termination point without eccentric directional flow, twist, or spiking. A block-cut is permitted with tapered appearance. Hair will not exceed 2" inch in bulk, regardless of length and ¼ inch at natural termination point, allowing only closely cut or shaved hair on the back of the neck to touch the collar. SASI will submit a waiver request in WINGS for review by HQ AFJROTC Waiver Review board. Members will keep all facial hair trimmed not to exceed ¼ inch in length. Individuals granted a shaving waiver will not shave or trim any facial hair in such a manner as to give a sculpture appearance.

- **Fingernails:** Male cadets are not authorized to wear nail polish.
- **Earrings:** Male cadets in uniform may not wear earrings or any other type of facial piercings. **No earrings or other visible body piercing jewelry will be worn in the JROTC classroom or any AFJROTC activity or function.** If you wear it during these times, you will be required to remove it. PLAN AHEAD. Have your ear pierced when you have time for it to heal prior to returning to school.

E. Proper Wear of the Uniform

- Wear your uniform proudly and with as much pride as the veterans of past military service. Be especially proud to honor those who gave their lives to preserve our way of life. (Refer to uniform attachments).
- Wear your flight cap / beret at all times when outdoors, never indoors unless directed. Salutes are required for all officers outdoors. **Exceptions: you will salute both instructors (Officer and Non-commissioned Officer for instructional purposes.**
- Shoulder patches are **worn ½ to 1 inch centered** below the shoulder seams. **Place new patches ¾ inch** below the shoulder seam and centered.
- Check your gig line often by lining up the edge of the shirt, the right edge of the belt buckle, and the leading edge (Zipper / Fly) of trousers / slacks. (Note: the female belt is placed in the opposite direction from males).
- Male trousers are trim fitted. Female slacks fit naturally over the hip. No bunching at waist or bagging at seat; front of trouser / slack legs rests on the front of shoe with a slight break in the crease; back of legs will be approximately 7/8 inch longer than the front. Trousers are full cut, straight hanging and without cuffs. Slacks are tailored, straight hanging without flare at bottom.
- Keep shirt tails tucked in if designed that way by the manufacturer.
- Shoes will be clean and shiny. **Do not use liquid shoe polish.** Paste wax is the only acceptable means of polishing shoes.
- Corfram shoes are authorized for drill team and or officers ONLY. Officers may wear corfram shoes but only during optional day uniform wear during inspections; otherwise, only issued shoes will be worn for all uniform inspections. Only issued shoes will be worn for all uniform inspections with the exception for officers noted.
- Males and females will wear black socks with the uniform. Females may wear neutral colored hose with skirts while **black socks are worn only with slacks.**
- Carefully trim all loose strings and frayed seams on the uniform.
- Replace any missing buttons.
- The name tag is always worn on the right side and the ribbons on the left side of the uniform. (See uniform attachments).
- A “V” or “U” neck T-shirt will be worn under the blue uniform shirt and is to be clean, plain, and white. **This applies to female cadets as well.** Wearing any T-shirt that has any printing or logos that can be seen through the military shirt is unacceptable. When wearing the short sleeve military shirt, do not wear a “crew neck” undershirt which is visible at the neckline.
- Avoid bulky items in the pockets.
- Keep hands out of pockets at all times.
- Pockets will be buttoned as required.
- A watch may be worn as long as it does not attract attention away from the uniform.

F. Grading of Proper Wear of the Uniform

- Your government uniform will be graded on a weekly basis as part of your Leadership Education grade.

A worksheet comprising of 15 areas will be used for inspection. Those areas are: 1) Hair/headgear 2) Insignia 3) Shirt/blouse 4) Tie/tab 5) Patches 6) Name Tag 7) Ribbons 8) Gig line 9) Belt 10) Trouser/Slack 11) Skirt 12) Hose/Socks 13) Shoes 14) Jewelry and 15) any other items. (see attachment R).

- Each of these areas will be assessed negative uniform points based on a 100 points scale. Any item which requires alteration will not be counted unless previously identified. Should you not wear your uniform weekly, a uniform grade will be assessed. **Re-inspections will start at 90 Percent for any cadet failing to wear their uniform** on the first day after the normal uniform inspection day **and are present without a valid reason** for non-compliance. **Cadet will also receive a detention.**

G. Care of the Uniform

All uniform items issued must be cared for and maintained by the cadets to whom it was issued. Your uniform should be cleaned every week prior to wearing it. General care includes washing the uniform, taking care to not soil or stain it in any manner, and ensuring it is lint, dust, and dirt free. You should hang your uniform appropriately...DO NOT stuff it in your backpack, put it in your athletic locker, or leave it on your floor in your closet. If at any time a uniform is unserviceable, you must attempt to fix it or bring it to the ASI's attention. Care of uniform items and other tips are described below. Always read the care labels of all items as well.

- You may wash the short sleeve blue shirt in a washing machine, dry it in a dryer and iron it to ensure it is wrinkle free.
- The pants/slacks/skirt, lightweight jacket, flight caps, ties, and neck tabs should be dry cleaned. Understanding that this can be quite expensive, do not use a dry-cleaning kit for your dryer. The material on the coat will get shredded and the pants will ball up material making these items unserviceable. You can use a damp cloth on spots and if ironing, place a handkerchief between the iron and the fabric to avoid destroying the fabric. A good rule of thumb is to dry clean once a month.
- DO NOT leave the necktie in a tight knot. Untie and retie the necktie with each wear. • Do place your name inside your flight cap...that way, when you lose it, we'll know whose it is. • The Service Dress Coat is "dry-clean only" and will never be placed in a washing machine or dryer...you will ruin it. Since the service dress coat is only worn occasionally, the recommendation is to take it to the dry cleaners a couple of times each semester.
- Keep a lint brush at home and use it before you leave the house on uniform day. • Your shoes should always be clean and shiny to a high-gloss appearance. Proper shoe-shining techniques will be taught in class. Carry a small cloth with you on uniform day to re-buff your shoes prior to inspection

Section XIV. Cadet Wellness Program

The cadet Health and Wellness Program (CHWP) is a key component of the total cadet experience. Through this program, cadets will learn proper fitness and nutrition information and techniques. They will be given the opportunity to develop a sustained, healthy lifestyle. While the CHWP is optional for cadets to participate in, parents must indicate that they do not wish for their child to participate on the permission form. Cadets are graded for their participation in the wellness program based on: "dressing out," participation, and effort...no grades are given for the number of repetitions or times of runs. This program is also used to build teamwork and esprit de corps within the units.

Physical Training Gear (PTG) and Physical Fitness Training (PFT): PTG refers to the Air Force Physical Training Uniform that may be issued. Air Force PTG may not be mixed with locally purchased PFT gear within a unit.

- **Short-Sleeved PTGB/PFT Shirt:** The short-sleeve shirt will be tucked into shorts at all times. Do not remove or cut sleeves. PTG undershirts, short and long-sleeve form fitting undershirts, (i.e., spandex. Lycra or elastic material) may be worn and visible under the short-sleeve PTG shirt. Undershirt must be tucked in. There is no color restriction on form fitting undershirts; undershirt may have small trademark log.

Bandanas and other similar headscarves/headgear **are not authorized**

Fitness Assessment exercises/Measurements, 6 components:

1-Mile Run: The 1-mile run will take place on the school football field. Cadets who have trouble running will be encouraged to try some running combined with walking and to try and improve their result each time. While walking, cadets will be highly encouraged to walk at a brisk pace.

Push Ups: Place your hands slightly wider than shoulders; Keep torso straight and head aligned with spine throughout the exercise. Lower yourself until your chest comes within 3-5 inches from the floor; (your arm should be parallel with the ground). Press back to the starting position. You must rest in the up position.

Sit Ups: Lie on your back with legs bent 90 degrees at the knee – the standard "sit-up" position. Cross your arms and place your hands so that your fingertips touch your shoulders. Have a spotter hold your feet, Curl your torso so your chest moves toward your knees. Keep your hands on your chest at all times. The sit-up does not count if your hands come off your chest. You must rest in the up position while resting. To complete the sit-up, your shoulder blades must touch the ground. One's hips or buttock should not come off the ground to produce momentum.

Section XV. Physical Fitness Waiver

The presidential fitness program is conducted on Friday as part of our physical fitness criteria for AFJROTC. Each cadet will wear their assigned Corps t-shirts (which will be initially given out as part of the cadet's corps fee). Corps t-shirts will be required to wear on each Friday (participation grade) unless the cadet is part of another organization which requires them to wear their particular apparel/uniform. Failure

to wear the required t-shirt, wear and/or bring their PT shorts/pants on Friday will subject you to a grade of “0%”.

Each cadet who successfully participates in our physical fitness program for 2 years can apply for a school physical fitness program requirement waiver. THE AIR FORCE SONG

Words and Music by Captain Robert Crawford

Off we go into the wild blue yonder,
Climbing high into the sun.
Here they come zooming to meet our thunder,
At 'em boys, give 'er the gun! (Giver 'er the gun now!)
Down we dive spouting our flame from under,
Off with one hell-uv-a roar!
We live in fame or go down in flame,
Hey! Nothing'll stop the U. S. Air Force!

Minds of men fashioned a crate of thunder,
Sent in high into the blue.
Hands of men blasted the world asunder,
How they lived God only knew!
Souls of men dreaming of skies to conquer,
Gave us wings ever to soar.
With scouts before and bombers galore,
Hey! Nothing'll stop the U. S. Air Force!

Here's a toast to the host of those
Who love the vastness of the sky,
To a friend we send the message
Of his brother men to fly.
We drink to those who gave their all of old,
Then down we roar
To score the rainbow's pot of gold,
A toast to the host of those who boast, the U. S. Air Force.

Zoom!
Off we go into the wild blue yonder,
Keep the wings level and true!
If you'd live to be a gray-haired wonder,
Keep your nose out of the blue! (Out of the blue, boy!)
Flying men guarding our nation's border,
We'll be there, followed by more.
In echelon we carry on! Hey!
Nothing'll stop the U. S. Air Force!
